COM Instructions (Customer's Own Material)

COM Approval

All COM fabric must be approved for use by Buzz Seating. It is recommended that a full yard of sample upholstery be submitted for testing and approval prior to processing an order. Many upholsteries are already pre-approved and do not require sampling. Please check with Customer Service for direction.

Yardage Requirements

For plain, non-directional, solid color or non-patterned upholstery, please follow the yardage requirements printed in this price book for each chair; however orders of 10 chairs or more usually require less yardage due to upholstery yield. Some repeat or patterned upholstery may require additional yardage. Contact Customer Service for exact yardage requirements.

Production Scheduling and Shipping

COM fabrics will be scheduled into production upon receipt of the fabric at our plant location.

Submitting COM Upholstery

For identification purposes, it is important to reference the dealer's name and purchase order number on all upholstery rolls. Upholstery that requires special application or direction must be clearly explained by completion and submission of the form below. It is very important to follow all instructions listed regarding submission of COM upholstery.

Please Note

COM fabric will be inspected at our plant for quality issues. Buzz Seating will not be held responsible for defects, color, dye lot variations, or material flaws regarding COM fabric. Buzz Seating does not provide warranty for COM fabrics. Excess yardage will not be returned unless requested. A written request must be received at the time of order for return of excess COM yardage. Shipping charges are applicable.

Custom Upholstery Requests

Buzz Seating offers a graded-in program for many upholstery suppliers that is published on the website. For any COM not listed, contact Customer Service for direction. Buzz Seating assumes no liability or warranty for any COM material. Only upholstery specifically carded within the Buzz Seating program will retain the published warranty.
