

## Buzz Seating News Letter

### ***Have you heard the Buzz?***

Hope you all had a great Christmas and an awesome New Year's Eve. Wrapping up—2019 has gone by so fast. Lots of things have happened at Buzz this year. We strive on improving product, new designs and, of course, our superior customer service. Thought we might recap a little.

### **New Cincinnati Headquarters**

We have put the finishing touches on our new headquarters in West Chester/Cincinnati this year. Adding to our Canadian location, this new facility offers 25,000 square feet and space for the more than 7,000 chairs we have in stock and ready to ship. Buzz has added a photography studio at both locations, and, in Cincinnati, a spacious showroom. The showroom accommodates 60" wall display banners and wall art along with all of our top notch products and marketing materials.

### **Have You Explored Our Website Lately?**

If you haven't, you're missing one of our best improvements from last year! Our website is attractive, easy to navigate, easy to find products, fabrics, pricing and anything else you and your customers need to know about what Buzz Seating offers.

### **2019 Christmas Party**

We enjoyed dinner at Jag's Steak and Seafood in Cincinnati. What an elegant atmosphere and fine dining it was. A special thanks to Kit Timmons for putting all of it together and Dan O'Hara for sponsoring it. It was an awesome time with family and friends.

***It's a great time to be a part of the Buzz Seating team!***

***Looking forward to another stellar year.***
